PRICE PER YEAR, \$1.50.

DEMOCRATIC TICKET.

FOR GOVERNOR,
HON. WILLIAM GOEBEL,
OF KENTON COUNTY.

FOR RAILROAD COMMISSIONER, 3d DIST.
COL. A. W. HAMILTON,
OF MT. STERLING.

ANNOUNCEMENT

FOR REPRESENTATIVE.
We are authorized to announce M. H. WILLIAMS a candidate for the Legislature, subject to the action of the Democratic party.

We are authorized to announce C. R. KAY, a candidate for County Clerk, subject to the action of the Democratic party.

We are authorized to announce JOHN F. WAGGERS a candidate for Sheriff of Madison county, subject to the action of the Democratic party.

We are authorized to announce JOHN W. BALLARD, of White Station, a candidate for Sheriff of Madison county, subject to the action of the Democratic party.

We are authorized to announce MARTIN GENTRY a candidate for Sheriff of Madison county, subject to the action of the Democratic party.

FOR SENATOR.
We are authorized to announce JOE OLDHAM a candidate for Senator of Madison county, subject to the action of the Democratic party.

We are authorized to announce JAS. L. BAKER a candidate for Senator of Madison county, subject to the action of the Democratic party.

Democratic Committee Meeting.
At a meeting of the Democratic committee of Madison county held at the court house in Richmond, Ky., on Monday, May 1st, 1899, it was ordered that a mass convention be held in each voting precinct in Madison county on Saturday, July 1st, 1899, at 2 o'clock p. m., to select delegates to a county Democratic convention to be held at the Court House in Richmond, Ky., July 3rd, to nominate a Democratic candidate to be voted for as Representative for Madison county in the next General Assembly of Kentucky.

The basis of representation in each voting precinct shall be one delegate for each fifty votes cast in the respective precincts for the Democratic ticket for President in 1896 and one vote for each fraction of twenty-five votes or more cast at said election.

The members of Madison county Democratic committees residing in each voting precinct shall be notified by mail of the time and place of the convention to order and preside while the convention is in session and certify the result to the county convention to be held on the 3rd of July.

All known Democrats and others who supported the Democratic electoral ticket for President in 1896, and those who pledge themselves to support the nominees of the county Democratic convention, shall be invited to participate in the precinct conventions.

J. B. CHENAU, Sec'y.
WILLIAM J. LESTER, Sec'y.

The female college that brought itself into notice by transferring the degree of doctor of civil laws on McKinley, left out a word that in his case would be in the hands of a Doctor of civil service laws would more appropriately express it—Stanford Journal.

For the sake of something interesting at the State Republican convention, it is to be fervently hoped that the fighters in Clay county will not shoot the Hon. Sam Kasi, the short horned negro of the mountains, until he has a chance to let loose just one more oratorical "effort of his life."—Louisville Times.

JOHN G. WHITE, of Winchester, who was summoned to Manchester by the killing of Tom Baker, has a card in Tuesday's Courier-Journal giving his version of affairs. He is a brother Sheriff White, of Clay, and of the White who was killed. He claims that a shot was fired in the tent that Baker occupied, and that Baker shot that the execution. He denies that his brother Sheriff called on him and his doors locked, and that a Winchester with an empty cartridge in it was found in the house.

C. F. Brower & Co.

LEXINGTON, KY.

The Summer Hosts are Ready.

The golden harvest fields, the warble sweet voiced birds, the meadows all decked in their clover bloom are not savor signs of summer than the rapid fitting of our lines of summer stuff. The list below is a suggestion of what the stock contains.

24 Ice Cream Freezers

Opened to-day. This is the third shipment. They are at least 20 per cent. cheaper than you can find in the city.

C. F. Brower & Co.

MAIN AND BROADWAY, LEXINGTON, KY.

HON. WM. GOEBEL

NOMINATED ON THE 26TH BALLOT.

After Many Days' Contest The Governor's Race Comes to a Close at 10:30 Last Night.

CONVENTION ADJOURNS UNTIL TO-DAY.

After many days, the most turbulent convention that has ever been held in Kentucky, came to a close in the Governor's race and two great leaders of Democracy went down in defeat, Hon. Wm. Goebel, of Kenton county, receiving the nomination on the twenty-sixth ballot.

Though the convention must have been tiresome to the people of Kentucky and especially to the delegates, it was most certainly best for Democracy that the convention should have deliberated so long over so important a decision, where the best of Kentucky's politicians have offered themselves as candidates for the gubernatorial chair. The result brings joy to the victor and sadness to the vanquished, but the grand old party has taught its creatures to endure defeat and rejoice in victory. But the greatest victory will be in November when Kentucky will bid farewell to Bradleyism and place in his stead the Hon. Wm. Goebel, of Kenton county.

The balloting on yesterday resulted in Goebel's nomination, stood as follows:

The CLIMAX and Weekly Cincinnati Enquirer, \$1.50.

The CLIMAX and Ohio Farm, \$1.90.

The CLIMAX can also furnish any paper published in the United States or Europe at reduced rates.

JUNE CROP REPORT.

WHEAT.

The weekly bulletins of the climate and crop progress of the Western Hemisphere show a general deterioration of the wheat crop in the principal winter wheat growing States.

In Ohio there has been general falling off in condition due to rust and the Hessian fly. The Indiana crop has also suffered from the rust and the Hessian fly. There has been some improvement in early sown wheat, while the late sown shows up very poor. Michigan reports widespread damage by the "fly," and the crop has fallen off in condition generally. In Missouri damage by rust and Hessian fly, combined with the absence of an unusual amount of cheat, make the crop as a whole "a poor prospect." In Kansas many counties report a loss. Chinch bugs have made their appearance there, and serious damage is threatened.

In Kentucky the wheat crop has suffered a loss in condition during the month. The condition averages 73, while on May 1st, it was 80. By sections the following averages are shown: Western, 62; southern, 81. It should be noted that by far the highest average condition is shown in the southwestern section, where comparatively little wheat is grown. There is a general complaint of "fly" in early wheat. Rust is also frequently reported, but so far is confined to the blades. Medium early wheat now promises the best yield. Late wheat is overrun with weeds, and rust is also reported in ground. "The expression most frequently used by correspondents in describing the condition of the crop.

HEMP.

In the hemp district the crop is reported in good condition. Recent advance in price has had a marked effect on acreage. The acreage compared with 1908 is 101. Scott county reports an increase of 30 per cent., but in Bourbon county the acreage is reported by 75 per cent of the acreage of 1908.

TOBACCO.

Tobacco plants are plentiful and setting has been a rush. In some counties there was a lack of season until the closing days of the month. In western Kentucky rain has prevented preparation of the ground. Per cent of crop set prior to June 1: In western section 48; central 43, and southern 35. Grasshoppers and cut worms have played havoc with early set tobacco in a number of counties. Indications point to an average acreage in the principal tobacco growing districts.

FRUIT.

There has been a decided decline in fruit prospects during May. Apples have fallen off until the condition compared with average years is but 67, whereas it was 91 on May 1. Pears have declined from 69 to 46, and grapes from 81 to 67.

LUCAS MOORE, Commissioner for Agriculture.

Ex-Congressman Follet, of Ohio, is sanguine that the Democrats have more than a fighting chance to carry that State this year. He said: "The Democrats of Ohio have solid grounds for believing that they can elect the Gov. this year. The Republicans who dislike Senator Hanna and his methods, and who are dissatisfied with the nomination of Judge Nash, will split the Republican party asunder. In fact, the breach between the factions is too wide to be healed, and all talk of harmony is for effect. The Ohio Democracy is going into this campaign united, confident and enthusiastic, while the opposition, conscious of the division in its ranks, is timid and dubious of the result."

Mother—How did papa's new book get in this condition?

Bobby—Why, mamma, I heard papa say last night that the book was too dry for him, so I put it in the bathtub and let the water run—Pik Me Up.

Do you remember how you felt in the mornings when you were a boy?

Good! I was to begin a new day! How hungry you came to table! How tired you went to bed! How soundly you slept! I don't find you any different now, do you?

Good! I was to begin a new day! How hungry you came to table! How tired you went to bed! How soundly you slept! I don't find you any different now, do you?

Do you remember how you felt in the mornings when you were a boy?

Good! I was to begin a new day! How hungry you came to table! How tired you went to bed! How soundly you slept! I don't find you any different now, do you?

Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

SCOTT'S EMULSION OF PURE COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.

SCOTT & BOWNE, Chemists, New York.

SOME OLD PROFESSORS.

A notable feature about the commencement exercises of Kentucky University for 1899 was that gathered on the platform among the other members of the faculty were several professors who have served faithfully an unusually long time. Prof. H. H. White has been with the institution, including his services with its predecessors, 61 years. Prof. Graham, of the College of the Bible, has been connected with its interests 40 years, while Prof. Milligan has served 33 years, Prof. McGarvey 31 years, and Prof. Louis Lane 20 years. Prof. Wilbur R. Smith, of the Commercial College, has been connected with department 23 years.—Lexington Leader.

A Popular Wedding Trip.

If you want a delightful wedding trip where you are not likely to meet acquaintances, take one of the D. & C. new steel passenger steamers to the Island of Cool Breeze, Steamers and Sailors reserved thirty days in advance. Send two cent stamp for illustrated pamphlet. Address, A. A. SCHWARTZ, G. P. A., D. & C. DETROIT, MICH. may31-1f

SKETCH OF A MAN.

A sample of what an old maid can do with a pen we submit the following: "Men is a two-legged animal that chews tobacco and walks on the coked ends. Most men are born, we never heard of one that wasn't and he was made of mud, just for a sample. Man's life is full of disappointments, grows and corn cobs pipes. He goes forth like a lion in the morning and leaves the wood for his wife to chop, and in the evening he sneaks home with his pants ripped, and is raised about hard times. He has a gripper on road working day, walks twenty miles to a circus. He will chase a jack rabbit four miles through the snow, and then borrow a horse to ride half a mile to the postoffice."—Ex.

FOURTH OF JULY RATES—SOUTHERN RAILWAY.

All agents on Southern Railway will sell on July 23 and 24 and final limit July 7, 1899, round-trip Fourth-of-July excursion tickets.

For further information, address nearest ticket agent. Wm. H. TAYLOR, A. G. P. A., Louisville, Ky.

Those capitalistomists who sound the howl and beat the tom-toms for the hook nose crew, to announce to all the world that Bryan is a dead duck and the silver issue is a back number once more, are now in a sorry state of mind. In 1896 Mr. Bryan received 6,502,825 votes, votes of the intellectual and loyal white people of this country. This was 1,592,708 more votes than were cast for Grover Cleveland in the year 1892, and Cleveland was elected. Again Mr. Bryan received 945,907 votes more than Cleveland received in 1892 and Cleveland was elected. No Democratic candidate ever received such a large vote as Mr. Bryan and the free silver cause did in 1896 and those Republican papers which continually play the song doled out to them by their platonic masters should look up the records a little, as their silly sallies of would-be wit only show up their own ignorance, or else go to prove that they purposely lied in order to try and deceive the people are once more caught. Just bear this one truth in mind: Mr. Bryan, in 1896 received more than a million majority of the intelligent white votes cast for Presidential electors, and in 1900 he will be elected President in spite of Hanna and his satraps.—Nicholasville Democrat.

The News says the harvest of Bluegrass seed in Bourbon county has about been completed and it is estimated that the county yield will be about 600,000 bushels, which will get about seventy-five thousand dollars in the pockets of the farmers. The cost of gathering it has been considerable as upwards of seventy-five strippers and two hundred men have been engaged for ten days in harvesting the crop.

"I made a bet, Bill, that your eyes were black."

"We'll, you've lost. They're blue."

"I know a way to get out of it, and if you agree I'll divvy up."

"All right. Go ahead."

"Come out in the alley, and I'll give you the finest pair of black eyes you ever saw in your life."—Detroit Free Press.

Be Careful

No woman can be too careful of her condition during the period before her little ones are born. Neglect or improper treatment then endangers her life and that of the child. It lies with her whether she shall suffer unnecessarily, or whether the ordeal shall be made comparatively easy. She had better do nothing than do something wrong.

MOTHER'S FRIEND

is the one and only preparation that is safe to use. It is a liniment that penetrates from the outside. External applications are eternally right. Internal medicines are radically wrong. They are more than humbug—they are dangerous.

Mother's Friend helps the muscles to relax and expand naturally—removes morning sickness—removes the cause of nervousness from the outside. It prevents hard and rising breasts—shortens labor and lessens the pains—and helps the patient to rapid recovery.

From a letter by a Shreveport, La., woman: "I have been using your wonderful remedy, Mother's Friend, for the last two months, and find it just as recommended."

Druggists sell it at 5c per bottle.
